The Whitecars, Missionaries to Belize City

August 2017

Dear Friends,

I am glad to report to all of you of the great blessings over this summer in the ministry in Belize City. We had our VBS on seven consecutive Sundays. The attendance of the church was over 200, five out of the seven Sunday mornings. More importantly, we saw many of the visiting children and adults make a profession of faith in Christ!

VBS Puppets

VBS Jr. Class

VBS Primer Class

The younger boys of the church have been involved in an intramural soccer program for the summer. Our goal for this program was to have a different venue to work with the younger boys. We also continued the work with the summer reading program, having the children check out and read books from our small library. The number of pages they read will be traded in for school supplies for the fall semester. This is our church's way to help with the supplies, and the children will earn what they are given.

Soccer Program

The Blanco Family

The Blanco family started attending the very first Sunday morning service of our church five and a half years ago. Rigo and Thara and the children have been faithfully serving God the entire time we have been in Belize. This summer, Rigo answered God's calling to pastor and is in training currently for becoming the next pastor of Independent Baptist Church. Please pray for God's perfect will as we seek to work together, moving Mr. Blanco into the leadership role of the church. After the transition, our family will move on to start another church in the city of Pocatello, Idaho.

Sincerely,

Don Whitecar
