

THE MICKEYS

Robert Jr. Wendy Elizabeth

Dear Praying Friends,

October-November 2018

FURLOUGH ABOUT OVER

We are quickly coming to the end of our brief furlough. The time has gone by quickly but we believe it has been beneficial. We have enjoyed visiting with family, friends, and many supporting churches. Along the way, we have made some new friends and have had opportunity to rehearse with many what God has been doing in Kenya and the Regions Beyond. We will leave the 7th of November to return to Kenya and look forward to seeing what God will continue to do in His work.

WORK PERMIT

The first thing that must be done when arriving in Kenya is the renewal of our work permit. Recently, missionaries have been seeing long delays in the timely issuing of their work permits. Three years ago when renewing my permit, I had to wait nearly eight months before receiving it. The delay does not cause as much difficulty in Kenya because they issue a "tourist" permit that allows us to continue until approval of our missionary permit. However, the delay causes great difficulty in traveling to our churches in Congo and Burundi. These countries will not issue me the necessary permits to enter their countries when my Kenya permit is not valid. My current permit does not expire until next March and I am praying that applying early will cancel out any delays. Please begin praying with us concerning this important issue.

CONTACT INFORMATION

As a reminder, please use the following contact information for us. After November 7th, our U.S. phone numbers will no longer be active.
